Helpful Tips and Instructions for Completing the Application

For Assistance – Please email ERES: edu@eres.com. Be sure to give your name as it appears (or will appear) on the application; Give your case# if you have it. Include your phone#. Try to maintain the email stream from prior email if possible. Give careful, thoughtful details of your situation, unless details are in the email stream. Sometimes including scan copies of documents or your past evaluation can help. Put something specific to your case in the subject line.

The Numbers Below Refer to the Questions on the Application

#2: You must show that you are the same person named on your educational records. If any of your records refer to you by a name different from what you listed in #1, list that name and attach a copy of your marriage license or some other documentation that shows your name has been legally changed. **If you cannot provide documentation** of an official change in your name, we will **not** use the name you listed in #1; instead, we will use the name(s) given on your official educational records.

#4: An M₁ fee (see Fee Schedule on Page 3) will apply when your official evaluation is mailed to an address different from #3. **you will always receive an unofficial copy of your evaluation whether you use one or two addresses.**

#8 & #9: Ordinarily the evaluation is completed within 5 to 7 weeks after your application is complete but occasionally can be nearly 3 months. See page 3 for a **Rush Service & #9 on Page One** and add the appropriate fee to your payment. (See Items: R₁₅, R₁₀, R₅, R₁ and R₀ on the Fee Schedule-Page 3.)

#10 & #11: It is important that you provide complete information for **ALL** the schools you have attended at each level of your education, even if you no longer have official records from them. (Your pre-college documents may not be necessary.) Give the name of each diploma, leaving certificate, degree, or title you earned.

You **must submit ALL** the educational documents issued to you by the schools you wish to have included in the evaluation (transcripts, diplomas, certificates, etc.). For graduate level degrees, diplomas and certificates, you must include the undergraduate documents (transcripts, diplomas, etc.) that lead to the graduate program.

Submit the documents in both the original native language and translated into English. Translations should have the school seal or be prepared by a certified U.S. translation service. ERES can provide translation services for Arabic, Chinese, French, Italian, Japanese, Russian, & Spanish, etc. See Items T_r and T_s, on the Fee Schedule, Page 3. Call ERES if you need assistance finding a translation service.

Submit only original, official documents issued by the schools you attended. If you have already submitted your official documents to a school or agency that requested the evaluation, you should have "Certified True Copies" of the documents send directly to us from the school or agency. Nursing Board applications must have transcripts sent directly to ERES from the schools attended.

#17 & #18: Check carefully that your application is complete before mailing. A **complete** application consists of the documents from the schools listed in #10 above and the payment for the total of all the services you have requested. When complete, send your application package to us. **Note that we are not responsible for your documents during the time they are in the hands of the postal service or other delivery service.**

Five-Year Availability—after five years you will NOT be able to order copies of your evaluation. Generally after five years a new evaluation would need to be prepared if more official copies are needed. Please consider ordering extra official copies if you think more copies may be needed after five years.

←—————→
▶ Note: You have 60 days after you receive your evaluation to carefully check it and then to notify ERES if you think changes are necessary. After 60 days there will be a FEE for changes.
