High School Placement Evaluation

■ **Status of Institution(s)**

Secondary schools in Vietnam typically operate under the jurisdiction of Vietnam’s Ministry of Education and Training (MOET) and are administered by respective provincial and local governments. Coursework and certificates from the above institution(s) may be accepted for admission at high schools in the United States.

■ **Documentation**

As evidence of the educational achievement described in this report, we were provided with original official documents issued by the above institution(s). We have examined the documentation carefully and have no reason to doubt its authenticity.

■ **Course List**

Courses completed in the studies mentioned above are listed below with recommended U.S. high school grades and semester credits. The amount of U.S. credit (5, 2.5, or 1.25) indicates the relative time that is likely to be devoted to a course. All courses with credit less than 5 should be considered completed. Generally, a year of full-time secondary study is considered to be the completion of about 60 credits.
